PREPARED WORKSHEET · DRAFT / UNVERIFIED · NOT A RECORD OF CONTACT

Call sheet: Bastrop County Development Services, Environmental & Sanitation, On-Site Sewage Facilities

Ruleset tx-bastrop-county, status Draft · newest version v1 · v1 in force on 2026-10-07 · sources last read 2026-10-06
Prepared 2026-10-07 by TEST Staging Walkthrough from the ruleset and the evidence recorded in Aerowise.

Before using this sheet

- Use it only when this authority governs the permits of a selected pilot provider. Confirm the actual permit authority from the permits first; do not contact authorities outside the pilot's scope.
- This sheet adds no contact details. Any address or number below is quoted from a dated source; check that it is current before using it.
- Keep separate: report destination, contract destination, report format, signature method, and receipt or acknowledgment. A published destination is evidence for that destination only; it does not confirm that an Aerowise report is accepted.
- Record each answer with its scope and exact words. A verbal answer is evidence of what was said; ask for written confirmation where a conflict matters.
- Enter answers as evidence in /admin/rulesets/tx-bastrop-county. Saving evidence changes no rules and verifies nothing; a new version needs a reviewed pull request.
- The rules for Bastrop County Development Services, Environmental & Sanitation, On-Site Sewage Facilities are a draft: nothing here is confirmed by the authority unless the evidence on record says so.

This authority's open questions

1. **Bastrop County publishes no way to submit maintenance inspection reports or renewal contracts. MyGovernmentOnline is published for permit applications only, and the department's general email is not a stated report channel, so inspection filings are held for review and contracts are filed by hand.**
   Now: Open
   No evidence recorded yet.
   Answer, scope and exact words:

2. **The county's OSSF Order is an unreadable scan. Any county-specific frequency, deadline, report contents, lab tests and dates are unknown; Aerowise follows TCEQ's 30 TAC 285.7.**
   Now: Open
   No evidence recorded yet.
   Answer, scope and exact words:

3. **A $100 'Maintenance Contract Late Fee' and a $20 'OSSF Renewal Fee' are published without saying what they cover or when they apply, so no fee is recorded on filings.**
   Now: Open
   No evidence recorded yet.
   Answer, scope and exact words:

4. **The City of Bastrop publishes its own OSSF checklist; whether it, Elgin or Smithville run their own program, and over what area, is not published. Every site needs a reviewed assignment.**
   Now: Open
   No evidence recorded yet.
   Answer, scope and exact words:

5. **Bastrop County publishes no acknowledgment of a received report or contract.**
   Now: Open
   No evidence recorded yet.
   Answer, scope and exact words:

What only the authority can confirm

A published rule or a provider's past filing can support these, but only the authority's own answer confirms how it accepts filings.

6. **Report format**
   Now: Open
   No evidence recorded yet.
   Answer, scope and exact words:

7. **Signature**

Now: Open

No evidence recorded yet.

Answer, scope and exact words:

8. **Where contracts go**

Now: Open

No evidence recorded yet.

Answer, scope and exact words:

9. **Receipt and acceptance**

Now: Open

No evidence recorded yet.

Answer, scope and exact words:

Shared acceptance question (after the sample has been reviewed)

"For these permit types, may our licensed provider submit the attached sample instead of your form? Are the signature method and fields acceptable? Where do inspection reports and renewal/provider-change contracts each go? What naming/attachments are required, and what receipt or acknowledgment should we retain?"

Dated sources

Requirement effective: not published. Bastrop County's OSSF Order (TCEQAppdOSSFOrder.pdf) is a scan with no readable text, so its dates are unknown. Aerowise applies the ruleset from 2026-10-06, the day it was written.

- Bastrop County Development Services: On-Site Sewage Facilities (read 2026-10-06) https://www.bastropcounty.gov/page/ds.ossf. 'A mandatory two year initial maintenance contract with a Licensed Maintenance Provider is required with the installation of a new aerobic OSSF system.' Homeowners may self-maintain after that with approved training. Emergency repairs reported within 72 hours. (512) 581-7176, 211 Jackson Street, Bastrop. Nothing on where maintenance reports go. Read through a page summarizer.
- Bastrop County On-Site Sewage Facilities Order (read 2026-10-06) https://www.bastropcounty.gov/upload/page/0148/docs/TCEQAppdOSSFOrder.pdf. Could not be read: a scan with no text layer (two attempts).
- Bastrop County Development Services: Application Fees (read 2026-10-06) https://www.bastropcounty.gov/page/ds.fees. 'Maintenance Contract Late Fee $100'; 'OSSF Renewal Fee' $20 residential and commercial. What the renewal fee covers and when the late fee applies isn't stated. Read through a page summarizer.
- Bastrop County Affidavit for Aerobic OSSF Systems (2019-02-12) (read 2026-10-06) https://www.bastropcounty.gov/upload/shared/DevServices/2019.02.12%20Affidavit%20-%20Aerobic%20OSSFs.pdf. 'This OSSF shall be covered by a continuous service contract for the first two years.' After that, a single-family owner 'shall either obtain a maintenance contract within 30 days or maintain the system personally (after providing proof of approved training).' Read through a page summarizer.
- 30 TAC 285.7, Maintenance Requirements (Cornell LII) (read 2026-10-06) https://www.law.cornell.edu/regulations/texas/30-Tex-Admin-Code-SS-285-7. Last amended effective 2023-07-06. (d)(2): the owner provides a copy of the signed

contract to the permitting authority 30 days before the service policy or contract expires. (e): reports to the permitting authority and owner within 14 days after the test; electronic monitoring allows two checks a year instead of four.

- TCEQ OSSF maintenance requirements (read 2026-10-06) https://www.tceq.texas.gov/permitting/ossf/ossfmaintenance.html. Last modified 2026-03-03. Every four months, or six with an electronic monitor that notifies the provider of failures and monitors disinfection; reports within 14 days after the test.
